

The 2017 IEEE MTT-S
International Microwave Symposium
4-9 June 2017 Honolulu, HI

Priority Point Calculation

Booth space selection points are accrued through a combination of participation, and booth space and sponsorships used.

Participation: 10 points are accrued for your participation at IMS and 2 points are accrued for each booth space occupied.

Sponsorship: The dollar amount spent on sponsorships has been pro-rated at the cost of booth space and 2 points are awarded for each booth space cost equivalent.

Priority points are awarded to the official company of record from the Exhibit Space Application/Contract. If a parent company contracts for multiple booths they must notify the IMS office in order to apply point credits from multiple subsidiary booths to a parent company.

Exhibitors absent for two consecutive IMS' have been removed from the list. Any company wishing to re-join IMS as an exhibitor would begin accruing points as a new exhibitor.

Mergers and Acquisitions

In the case of mergers and acquisitions, we will use the priority status of whichever company had the best exhibit point history. The total points of one company MAY NOT BE ADDED to the other.

The priority list is based on calculations as of the mid-April. We have calculated IMS participation up to and including 2016. If you feel there is a discrepancy in your point total please let us know and we can review the calculation.

In the case of a divestiture or split, only one company may retain priority points. The priority points generally remain with the official company of record from the Exhibit Space Application/Contract.

Companies may hold space for their partners under the following Terms & Conditions:

- The lead company must provide a list of partners prior to the start of the space selection on or around April 1.
- IMS Management assigns lead company and partner locations on the show floor.
- Management will only reserve the number of booths requested at the time of list submission (note partners may hold multiple booths but this must be indicated on the submission list).
- Lead company locations will be assigned in priority order.
- **Partner companies must select space in priority order.**
- Lead company and partner must provide signed Partner Program participation form.

- IMS Management must receive signed contracts for all partner booths prior to the end of on-site space selection.
- Deposits must be received by Aug 1. After Aug 1, if deposits are not received, the space will be released with no further notification and made available to all exhibitors regardless of the relationship to the lead company.
- Any unleased space at the conclusion of on-site space selection will be released for general sale.

The 2017 IEEE MTT-S
International Microwave Symposium
4-9 June 2017 Honolulu, HI

Important Information for IMS2017 Space Selection

Exhibition Dates and Location

6-8 June 2017 – Honolulu, HI
Hawaii Convention Center
1801 Kalakaua Ave.
Honolulu, HI 96815

Exhibit Halls

Exhibits will take place in the Kamehameha Exhibit Hall 1-3

Power

Power is supplied from the floor throughout the exhibit hall from floor ports 30' on center.

Freight Doors

Freight doors are located in the back of the Exhibit Hall 1 and 3.

Ceiling Heights/Columns

Ceilings in Kamehameha Exhibit Halls are 30 feet high.

Exhibit Hall Entrances

The Exhibit Hall has one main designated entrance and two secondary entrances.

Technical Conference/Meeting Rooms

Technical sessions, tutorials, workshops and additional meetings will take place on the Level 3 of the Hawaii Convention Center.

Registration

Conference and Booth Staff Registration is in the Main Lobby of the Hawaii Convention Center.

Headquarter Hotel

The Headquarter Hotel is the Hilton Hawaii Village

Space Selection Process

1. Check-in at the counter and pick up your IMS2017 contract
2. View the current floor plan on the screens available and select 3 preferred locations (have your top 3 selections available when your priority number is called to select space).
3. Confirm your booth.
4. Review and sign your contract and leave it at the counter when you're finished.

Thank you!
